The Reverend Doctor R. D. Smart, pastor of Cook Avenue Church, brunght up the subject and was indersed by the Reverend Doctor W. F. McMurray, presiding Elder, who said, "that the church did not want any dirty money. We want to wipe out the the testimony in the case, when the claim was secured, did not paralell with the Sermon on the Mount."

Another matter which Doctor Smart urged should be carried before the General Conference was the establishment of the

General Centerence should make the matter of the position that the length of residence in any one section of the church should be permitting its extension beyond the four years under certain conditions. The last thing emphasized was the importance of the election of at lenst two more lishops.

Advocates Conditional Removal.

Doctor McMurray advocated a conditional removal of the time limit as to pastorates, but added that an essential feature of the elaminate of evangelical work. In other words, that the matter of the employment of an evangelist work. In other words, that the matter of the employment of an evangelist work. In other words, that the matter of the employment of an evangelist should be a matter of concurrence between pastor and Presiding Elder.

Doctor McMurray also advocated the changing of the law in reference to conference claimants. He said that in his opinion the basis of distribution should be "years of actual service rather than mere necessity in elliparated his position by reference to certain cases where ministers who had served but a few years were given a larger annuity than those who had spent an entire lifetime in the work.

The doctor's list suggestion was that there was no necessity for more than one missionary secretary.

Doctor Palmore Talks.

there was no necessity for more than one missionary secretary.

Doctor Palmore Talks.

The Reverend Doctor Palmore, editor of the St. Louis Christian Advocate, was called out, and in his remarks he indorsed the position taken by the other speakers as to the publication house scandal. But he differed with them as to the election of more bishops. He said there were too many aiready, and said there was need for a different airrangement. He advocated the enlargement of the districts, which would necessitate fewer Presiding Elders, and an enlargement of their duttes so as to do away with the necessity of Bishops attending the district conferences. He said what was needed was "fewer field efficers and more men to handle Mauser rifles."

During the symposium, the position taken in reference to the publication house scandal was enthusiastically applauded, indicating that the Centennial was practically unantimous. The continuation of the discussion as to the other points raised, particularly that of additional Bishops, was made the order of the day for next Monday.

The visitors present were Bishop Lane of the Colored Methodist Church in America, the Reverend Doctor H. R. Coleman of Covington. Ky., and the Reverend Harry Whitehead of Potosi, Mo.

Mayor's Declaration Not Accepted as Final-All Banks Reopen for Business in Temporary Quarters.

Paterson, N. J., Feb. 10.-The fierce con flagration which burned its way through Paterson yesterday has completely spent its force and is quickly dying out in the ashes and broken brick of its ruin. The firemen who hurried from other cities to save the endangered city have gone back to their homes and several companies of the local department have been ordered

so sorely needed. Conservative opinion to-day is inclined to cut \$2,000,000 from the aggregate loss of \$19,000,000 agreed upon yesterday, and \$5,900,-600 probably will be accepted finally as the actual cost of the fire. No tabulation of individual losses that can be accepted as reliable has yet been made,

Equally incomplete is the estimate of insurance. It was stated here to-day that the amount of insurance was between \$4,-000,000 and \$5,000,000, but what gave basis to the calculation was not clear. Several of the largest losers said that they had not yet had an opportunity to examine their policies and that meantime they could not tell what amount they carried.

Pew Causalties Despite Great Loss. Probably no fire of equal magnitude and adespread destructiveness ever produced an equally small casualty list.

Dozens of firemen and the volunteers who labored with them were slightly injured by falling bricks and timbers and burned by flying firebrands or temporarily overcome by smoke, but only a few of them needed either surgical or medical attendance. The small casualty list is explained by the fact that the people had ample warning and time to abandon their homes before the flames came upon them. There was comparatively little suffering

There was comparatively little suffering on the part of these rendered homeless by the fire. Practically every home that escaped the flames was thrown open in a spirit of broad charity, and nearly every refuges found shelter at the house of some friend.

The declaration of kinyor Hinchliffe that the city can care for its own is not concurred in by everybody, and there may be an appeal later for outside help. Those who are organizing a pian of relief soon will be able to reach a decision of the question of asking aid from other communities.

All of the banks burned out yesterday

munities.

All of the banks burned out yesterday opened for business in temporary quarters to-day and the officials of the banks expressed a determination to do their part in the maintenance of the financial standing and credit of the city.

CHRISTIAN SCIENTIST WON. Kansas City Court of Appeals Re-

versed Mrs. Baird's Fine.

Kansas City, Feb. 10 .- The judgment convicting and fining Mrs. Amanda J. Baird, a local Christian Science healer, for failing

a local Christian Science healer, for failing to report to the city authorities a case of diphtheria, was reversed by the Kansas City Court of Appeals to-day, and Mrs. Baird was discharged.

Mrs. Baird was fined 50 in the Police Court in November, 1897, for failing to report a case of alleged diphtheria in a child that she was treating. She appealed to the Criminal Court, where the judgment of the Police Court was affirmed. Then she appealed to the Kansas City Court of Appeals, whose judgment said that the ordinance under which she was convicted was aimed at physicians; that under the statutes of Missouri she is not a physician, and therefore not amenable to the ordinance under which she was convicted.

The court also pointed out that Mrs. Baird did not know the child had diphtheria and therefore could not have reported it.

CREW OF SUNKEN SHIP FOUND. Picked Up by Steamer Thirty-Five

Miles From Shore. Seartle, Wash., Feb. 10.—The steamer Nome City, which reached port to-day from San Francisco, had as passengers Captain L. Johnson and five members of the crew

of the steam schooner Laura Pike, who were picked up at sea thirty-five miles off Trinidad Tuesday morning.

The Laura Pike left San Francisco on January 25, light, en route to Eureka for a cargo of lumber. After reaching the vicinity of Eureka, Captain Johnson tried to cross the bar, but adverse winds drove the schooner back into the ocean and for several days the Pike wallowed around, half helpless. Early on Thursday morning it was discovered that the schooner was leaking, and on Saturday afternoon the crew took to the boats and reached the Nome City. Charles Nelson of San Francisco owned the Pika.
